I. Introduction

I was born August 23, 1978, in Moscow, Russia. And I love to be photographed.

I am logical, rational, and intelligent, or so I've been told. My friends say it is great fun to be around me because I sometimes joke around, and have a good sense of humor.

I became interested in modeling in Novorossick, and I intend to pursue it as a major goal. I am 5'8" tall, and I weigh 130 pounds. I have green eyes.

Currently, I am a teacher of Mathematics, in Elementary School, in Novorossick. My dream, later, is to marry and have children.

Ekaterina

Ekaterina, Hot And Lovely is the fifth in a series of 8 books by Youssef Khalim, begun in 2002. Four were inspired by ladies encountered overseas. Ekaterina is one of the four overseas encounters.

I met Ekaterina in the summer of 2004, over the Internet. I saw her photo on New-Dating.Com, and e-mailed her. Later, I was struck by her extraordinary beauty and lovely personality. I wrote down my feelings, thoughts, and moods as fast as I could. Ekaterina is the motivation and inspiration for this book.

Sometimes it seemed that the book was writing itself, and I was only a channel, trying to keep up. First, came *My Life-Long Dream*. Then, the other selections followed rapidly, and the book was complete in about two weeks, working part time.

Ekaterina has the most gorgeous, and sexy body, and attractive and charismatic personality, and I have attempted to capture and reflect her awesome presence and personality in *Ekaterina, Hot And Lovely*.

Over the months, Ekaterina and I developed the professional relationship of artist-writer and model-and now I present to you the exciting and exotic, Ekaterina Ivanova. Enjoy.

III.

Ekaterina,

Hot And Lovely

My Life-Long Dream

Is to love you,

Every day,

Forever.

My Brand New Love

I love you too much.

I want you too much.

I can't get enough of you.

And with you, too much seems just right.

Which seem like a lot of brand new laws,

Which are just-right laws

For my brand new girl,

And just-right laws for

My brand new love.

When I First Met You

**I wanted
To be with you,**

**To hold you,
Kiss you,
Touch and caress you,**

**Love you,
Love you,
Love you,
Love you,
And love you over again.**

**And then, I wanted to get to know you,
Listen to you,
Speak with you,
Walk and talk with you,
And understand you,
Totally, completely,
And love you more each day,**

**Even more than on the day,
When we first met.**

You Are *The* Most Beautiful

**You are *the*
Most
Beautiful
Woman
In the whole wide world.**

Divine Experience

**You are the most
Divine experience
I had,**

**After experiencing
God.**

You Want Me

I love it when you say you want me.

I love it when you say how much you need attention.

I like to hear you say you need some loving.

**I like it when you
Turn it up,
And turn me on,
To get it on
With you.**

I Met A Lot Of Women

I've been around the block.

**I even "met" Miss America.
But, Baby, you are tops.**

**You are too fine.
You drug like wine.**

**You sock it to me.
Hypnotize me,
Mesmerize me.
Got me in a daze.**

**But still, I'm cool,
Picking up the pieces,
Making sure foundations,
And getting ready, like armies
Conquer nations,**

**To spend the rest of eternity,
Pacifying you.**

One Hot Moment!

You Are SOOO HOT!

& Win

I didn't get a lot done yesterday.

**I was pondering, wondering,
Working too much, and such.**

**I need a rest,
I need a nest.**

**I need to nestle up to you,
Relax,
Enjoy your charms,
Come back refreshed,
Ready to fight, seduce, cajole,
& Win.**

Through Me

You melt my heart,
And cause
All love,
Throughout the universe,
To flow
Through me,
And into you.

More

**I Love You *More*
Than
Anyone
Has ever loved
Before.**

Questions And Answers

**Did you ever think
You are an angel?**

**Did they raise a fit
When you left heaven?**

**Did you say good-bye to heaven
When you left them?**

**Did you ever fly
Across the sky, in dreams?**

**Did you ever think
God gave you as a gift to me?**

**Did you ever smile
Exactly when I thought about you?**

**Do you hear birds singing
In the morning?**

**Did you ever cry
When you are happy?**

**Did you ever laugh out-loud
When you were by yourself?**

**Do you like to see the sunrise
Pouring through the trees?**

Are you in awe of orange sunsets?

Do you inhale the smell of autumn leaves?

**Do you like the feel of snowflakes
Kissing your cheeks?**

**Why do you wrinkle-up
Your nose so prettily?**

Will you cross the road to give a hug to me?

**Will I go around the world to find you, and love you,
Completely, forever,
And have you answer all of my questions?**

There Is No Tomorrow

**I always wanted to say
How much I love your eyes,
And enjoy the sound of your lovely voice.**

**I'd kill,
Just to kiss your mouth.**

**I always wanted to love you,
This way, that way,
Day after day,
And turn you inside out,
And turn you out,**

**And love,
Every inch of your tall, and sexy, beautiful body,
Like there is no tomorrow.**

**Then, send you flying across this universe,
Or, at least this Milky Way.**

**Now, I'm still waiting for that day,
Because there is no tomorrow.**

After We Leave Work

For years,
I wanted to say how much I appreciate you:

Your beautiful face,
And lovely eyes are wondrous,
And your mouth.
(I love your gorgeous, sexy mouth.)
I love your lips, just natural,
And pink, or orange lipstick
On you,
Turn me on!

I love your sexy walk,
And beautiful, sexy ... butt.
I love your ways,
Sometimes.

Your arrogant, pushy, helpful, can-do ways
Are good *at work*.
Let's see what you can-do
After we leave *work*.

During Blue Moon

**If you need me, tell me.
If you want me, let me know.**

**If you care, you have to show me,
'Cause I only read your mind:**

**During Blue Moon,
When the stars are in the right position/condition,
And we are one-on-one,
And I am in the right mood,**

Or, when I love you, only you.

**So, tell me what is on your mind,
Unless the moon is blue.**

Rapture

**I get the greatest
Feelings
Of bliss and rapture
From loving
You.**

Let Us Make Man And Woman

We represent exactly
What God meant
When He said,
“Let us make man and woman,
Complements of each other,
And complements for each other,
And let us make them in our image,
Divine and sacred,
Each sovereign and whole in her own right,
And likewise the man, in himself,
But, coming together, the two create *one* soul.
And let them find joy and happiness in
Each other.

“The woman is an adornment for the man,
And likewise the man is an adornment for the
woman.
And let them love each other, adore each other,
Care and share, in partnership,
Aiding, supporting, and assisting each other,
And elevating each other
Back to Me.”

People Are All The Same

Yes, some make music,
Some can jump,
Play ball.

Some can skate,
Or box.

Some outfox the fox.
Some play ball
With The Chicago White Sox.

Some are good,
Some are evil.
Some are, in truth, the devil.

I recently saw some Liberians, on CNN.
They do so much in rhythm, in dance.
What's up with that?

Are the Africans descendants of the originals, the
Lemurians?
Are we descendants of the Atlanteans?

Culture is a big determinant.
Many Europeans who say they're Jews
Are good templates, in some ways:

Their emphasis on knowledge, their overachieving,
work, Academics, and service to our fellowman,

Taking care of business, entrepreneurship, creativity,
and imagination.

Their fearless independence, and their reflective mode
are good examples, agreed?

**But, I say to you, as Jacob/Jefferson,
The State of Israel is wrong,
And jeopardizes, and puts at risk
Our entire planet.**

**And so do the imperialistic, militaristic,
And neo-colonial policies of our nation.**

**Now, as to gender differences of men and women:
Women have a verbal talent superior to men, generally.
And each has her place, and his place, respectively,
Because of how physiology, and chemistry work, in the
body.**

**Our culture, beliefs, and gender
Are what matters, and render us
All brothers and sisters,
One Nation, under God,
Indivisible, with liberty and justice
For all:
As soon as we dissolve the nation state,
And realize, in truth,
That all people are the same.**

R. Kelley's Dance Partner In "Step" Remix

**R. Kelley's dance partner in
The "Step, In The Name Of Love" remix
Is steps above the rest.**

**She's absolutely gorgeous!
The most beautiful woman in the world.**

**She's fantastic!
I love to see her dance;
What amazing style!**

**What personality, charm, and wit,
And charisma.**

WOW!

**What a heavenly body!
The most beautiful legs in the world!**

**Her face is so divine and lovely.
Her eyes are gorgeous, fabulous!**

**She's dynamic, enthusiastic,
Hot and lovely!
In a word, she is hot!**

**Who is that beautiful angel?
Well, someone just like you.**

**In fact, she reminds me most of you.
Yeah, that's what I'm trying to say.**

I Don't Want A One Night Stand With You

**I want to always stand by you,
Stand with you,
Stand in your stead, and
Stand tall with you,
Forever.**

We Won't Take Our Love For Granted

**Because we know
If we take off, from trying,
It's adios, adieu, good-bye,**

**We're outta here
This year,**

**Maybe forever,
Or until our next lifetime.**

You Caught My Eye!

As I was walking by,

And WOW!

I love your body, walk, and eyes.

Your body really turns me on.

Of course, I want to get it on, with you.

I'll come back soon,

Just walking by,

Maybe, drop in

For service.

'Cause you caught my eye,

And I could really use

Some service.

We Can Make This Work
